

QUALITY

Since its formation the Youth Travel Academy has been the driving force behind attempt to establish a German Youth Travel Standard, which is acceptable to all organisations, agencies and associations operating in the field of youth travel. Flanking this overall quality drive on an national level the Academy is providing support for individual organisations and agencies embarking on quality development processes through the following measures:

- Programme Design and Development of activity and learning programmes for individual organisations
- Company and Organisational Development programmes on all levels of operation
- Staff Development Programmes including recruitment, support, supervision and training elements for new and existing staff
- Team Development, Team Building and Team Management Training
- Senior Management Training
- Implementation of Safeguarding, Data protection, Health and Safety, Risk Assessment policies into the day to day operation of youth travel providers
